|-------|---|---|----------|
| 10.9 | Electrolyte analyzer | Laboratory equipment | high |
| 10.10 | Urine analyzer | Laboratory equipment | high |
| 10.11 | Portable express blood cholesterol analyzer | Laboratory equipment | high |
| 10.14 | Immunohematology Analyzer | Laboratory equipment | high |
| 10.15 | Video Microscope | Laboratory equipment | |
| 10.24 | Hematological analyzer for express-laboratory | Laboratory equipment | high |
| 10.25 | Hematological counter | Laboratory equipment | high |
| 10.26 | Leukocyte formula counter C-5 with power supply unit | Laboratory equipment | high |
| 10.27 | ELISA Spectrophotometer | Laboratory equipment | high |
| 10.30 | Automatic erythrocyte sedimentation rate analyzer (ESR) | Laboratory equipment | high |
| 10.33 | Photometric immunoenzymatic analyser | Laboratory equipment | high |
| 10.35 | Portable multi-user glucose monitoring system (glucometer) | Laboratory equipment | high |
| 10.36 | Automatic blood cell analyzer | Laboratory equipment | high |
| 10.37 | Urine express-analyser | Laboratory equipment | high |
| 10.38 | ESR device | Laboratory equipment | high |
| 11.10 | Plasma sterilizer | Sterilizing equipment | high |
| 11.23 | PL low-temperature plasma sterilizer with accessories (two doors) | Sterilizing equipment | high |
| 12.1 | Manual or automatic disinfection unit for endoscopes | Equipment for endoscope washing and storing | high |
| 12.3 | Endoscope pre-cleaner | Equipment for endoscope washing and storing | high |

| # | Name | Category | Priority |
|-------|--|--|----------|
| 7.18 | Angiographic unit | X-ray diagnostic equipment | high |
| 7.19 | Radiation shield | X-ray diagnostic equipment | |
| 7.20 | Surgical multifunctional radiolucent operating table | X-ray diagnostic equipment | |
| 7.21 | Mammography unit | X-ray diagnostic equipment | |
| 7.1.1 | Gamma CT Scanner | Radiological diagnostics and therapy equipment | high |
| 7.1.2 | Positron Emission Tomography (PET) | Radiological diagnostics and therapy equipment | high |
| 7.1.4 | Linear accelerators (6-25 MV) | Radiological diagnostics and therapy equipment | high |
| 7.1.5 | Brachytherapy equipment | Radiological diagnostics and therapy equipment | high |
| 7.1.7 | Combined single photon emission computed tomography/computed tomography system | Radiological diagnostics and therapy equipment | high |
| 7.1.8 | Remote gamma therapy device | Radiological diagnostics and therapy equipment | high |
| 8.1 | Ultrasound scanner with 3.5 MHz convex transducer and 5 MHz vaginal transducer | Ultrasound equipment | high |
| 8.2 | Ultrasound device for heart and vascular examinations | Ultrasound equipment | high |
| 8.3 | Multipurpose ultrasound imaging system with a set of transducers | Ultrasound equipment | high |
| 8.4 | Portable operating ultrasound device with a set of suitable transducers and a cart | Ultrasound equipment | high |
| 10.1 | Immunological photometric IVD analyzer | Laboratory equipment | high |
| 10.2 | Immunofluorescent/spectrophotometric IVD analyzer | Laboratory equipment | high |
| 10.3 | Single-channel biochemical IVD analyzer | Laboratory equipment | high |
| 10.4 | Automated analyser of blood gases, acid-base state, electrolytes, glucose | Laboratory equipment | high |
| 10.5 | Blood Glucose Analyzer with Test Strips | Laboratory equipment | high |
| 10.6 | Hemoglobin analyzer or test systems for determining the level of hemoglobin in blood | Laboratory equipment | high |
| 10.7 | Automated enzyme immunoassay analyzer with additional equipment and computer support for recording the results of analyzes | Laboratory equipment | high |
| 10.8 | Automated Chemiluminescent Analyzer | Laboratory equipment | high |

|------|---|----------------------------|----------|
| 6.21 | High-frequency coagulator for microsurgery with a set of tools | Surgical equipment | high |
| 6.22 | Surgical floor microscope with monitor | Surgical equipment | high |
| 6.23 | Sets of tools for neurosurgical operations | Surgical equipment | |
| 6.24 | Sets of tools for orthopedic operations | Surgical equipment | |
| 6.25 | Set of vascular surgical tools | Surgical equipment | |
| 6.26 | Set for epidural anesthesia | Surgical equipment | |
| 6.27 | Medical ceiling gas supply system with accessories (anesthesiological) | Surgical equipment | high |
| 6.28 | Patient heating system on the surgical table with mattress and mobile stand | Surgical equipment | |
| 6.29 | Set of tools for endolaryngeal surgery | Surgical equipment | |
| 6.30 | Ceiling medical gas supply system with accessories (surgical). | Surgical equipment | high |
| 7.1 | Magnetic resonance imaging | X-ray diagnostic equipment | high |
| 7.2 | General purpose mobile X-ray diagnostic system, digital | X-ray diagnostic equipment | |
| 7.4 | General-purpose stationary X-ray diagnostic system, digital | X-ray diagnostic equipment | |
| 7.5 | General-purpose, stationary, digital fluoroscopic X-ray system | X-ray diagnostic equipment | |
| 7.6 | Stationary X-ray mammography system, digital | X-ray diagnostic equipment | |
| 7.7 | Whole body X-ray computed tomography system | X-ray diagnostic equipment | high |
| 7.8 | X-ray CT system with limited area of view | X-ray diagnostic equipment | high |
| 7.9 | X-ray osteodensitometry device | X-ray diagnostic equipment | high |
| 7.10 | Automatic radiologist workstation with image analysis software package | X-ray diagnostic equipment | |
| 7.11 | Spinal shield with head fixation device, radiolucent | X-ray diagnostic equipment | |
| 7.15 | Network laser camera for printing medical images on film | X-ray diagnostic equipment | |
| 7.16 | C-arc mobile X-ray machine | X-ray diagnostic equipment | |

| 3.1.33 | Flexible Videotorhinolaryngoscope | General medical equipment | high |
| 3.1.40 | Rigid Rhinolaryngoscope | General medical equipment | |
| 3.1.41 | IR Thermographic System | General medical equipment | high |
| 3.1.42 | Ultrasound physiotherapy system | General medical equipment | |
| 3.1.50 | Portable nebulizer | General medical equipment | high |
| 3.1.51 | High-voltage electrophoresis device | General medical equipment | |
| 3.1.52 | Nephrofibroscope | General medical equipment | high |
| 3.1.53 | Intracranial pressure measuring device with monitor system compatibility cable | General medical equipment | high |
| 3.1.58 | Corpses refrigerator | General medical equipment | high |
| 3.3.1 | Rigid viewing cystoscope | Urology equipment | |
| 3.3.2 | Flexible reusable videocystoscope | Urology equipment | high |
| 3.3.3 | Cystodrain set for suprapubic drainage with silicone catheter | Urology equipment | high |
| 3.3.4 | "MBN-Uroflow Analyzer" computerized diagnostic complex | Urology equipment | |
| 3.3.5 | Portable bladder scanner | Urology equipment | high |
| 3.3.6 | Ureterofibroscope | Urology equipment | high |
| 3.3.7 | Uroflowmeter | Urology equipment | |
| 4.2 | Patient monitor for 5 measurements | Resuscitation and Intensive Care Department equipment | high |
| 4.3 | Portable electrical artificial lungs ventilation machine | Resuscitation and Intensive Care Department equipment | high |
| 4.4 | Artificial lungs ventilation machine for neonatal/adult intensive care | Resuscitation and Intensive Care Department equipment | high |
| 4.6 | Anesthetic machine / Anesthesia system | Resuscitation and Intensive Care Department equipment | high |
| 4.9 | Biphasic defibrillator | Resuscitation and Intensive Care Department equipment | high |
| 4.10 | Infusion pump | Resuscitation and Intensive Care Department equipment | high |

| # | Name | Category | Priority |
|------|---|---|----------|
| 4.11 | Ceiling medical gas supply system with accessories | Resuscitation and Intensive Care Department equipment | high |
| 5.1 | Endoscopy Cart with a set of instruments for the full range of laparoscopic operations, with an electromechanical morcellator / Endoscopic imaging system | Endoscopic equipment | high |
| 5.2 | Reusable Laparoscopic System | Endoscopic equipment | high |
| 5.19 | Ceiling medical gas supply system with accessories (endoscopic) | Endoscopic equipment | high |
| 5.21 | Endoscopic leak tester with a manometer and an adapter for checking the tightness of endoscopes, the generated pressure: from 20 to 300 mmHg | Endoscopic equipment | high |
| 6.1 | Multifunctional surgical table with hydraulic drive | Surgical equipment | |
| 6.3 | Surgical vital signs monitor | Surgical equipment | |
| 6.4 | Surgical electrocoagulator | Surgical equipment | high |
| 6.5 | Electrosurgical system generator | Surgical equipment | |
| 6.7 | Argon-enhanced electrosurgical generator | Surgical equipment | high |
| 6.8 | Body plethysmograph | Surgical equipment | high |
| 6.9 | Surgical operating instruments set | Surgical equipment | |
| 6.10 | Portable surgical aspirator (pump) | Surgical equipment | |
| 6.11 | Laser cutting and coagulation device | Surgical equipment | high |
| 6.14 | Surgical machine for traumatology and orthopedics (dermatome) | Surgical equipment | high |
| 6.15 | Argon Plasma Coagulator | Surgical equipment | high |
| 6.16 | Surgical Ultrasound Aspirator | Surgical equipment | high |
| 6.17 | Ultrasound Aspirator-Destructor | Surgical equipment | high |
| 6.18 | Generator for Ultrasound Harmonic Scalpel | Surgical equipment | high |
| 6.19 | Electrosurgical saw | Surgical equipment | high |
